Jamison, PA 18929

To whom it may concern:

I have known Steve Kramer for several years in many different capacities and I have found him to be a person of great integrity and a person of immeasurable dedication to that which he deems of import.

We met as musicians who share a love and passion for music. In this capacity, I have been inspired by his performance level, not only because of the beautiful tone he produces and his great musicianship, but by his artistry. One can learn so much just by listening to him play. As if that is not enough, he has a generosity of spirit and will offer his expertise to his fellow musicians in an unassuming way, so as to enhance the performance.

I am currently the Secretary and member of the Board of Trustees of The String Theory Educational Management Corp. We have many Performing Art Charter Schools. I have observed Steve when teaching individual students, as well as classes. The students become very motivated in his presence. With his charm and humor, they are first put at ease and then become open to his excellent pedagogy.

Steve often performs with his students, as he takes pride in their achievements and feels genuine happiness when he senses their pride in themselves and the joy they feel when performing.

As a clergyperson, I know that Steve always strives to help others and make this a better world by contributing in any way he possibly can with his many talents. Steve will become an asset to those institutions he becomes a part of. He will bring a level of excellence and professionalism whether as a performer a teacher or as a person of character to any endeavor he participates in.

Thank you for your consideration in this matter,

Rabbi Sandra Miller
